

## **My Beautiful Dream**

Want to be. Want to be your baby now.  
Want to be. Want to be your baby now.  
*Won't you make my life one beautiful dream.*  
*Feature you in my life that beautiful dream*

Won't you be. Won't you be my baby now.  
Won't you be. Won't you be my baby now.  
*Won't you paint my sky with a thousand scenes.*  
*Picture you as my wife how right it would be.*

**I'm inside your skull and I'm supposed to be.**  
**Surrender your fate to our destiny.**  
**You're the main part of my beautiful dream.**

Ought to be. Ought to be my baby now.  
Ought to be. Ought to be my baby now.  
*You want me to be what you want me to be.*  
*But I'll try to be who I have to be.*

Ahh to be. Ahh to be your baby now.  
Ahh to be. Ahh to be your baby now.  
*You make my life that beautiful dream.*  
*We're intertwined for life or so it seems.*

**You're inside my soul and you're supposed to be.**  
**I surrender my heart to your destiny.**  
**You're the best part of my beautiful dream.**

**...Just a beautiful dream.**
